(54) Title: OVERHEAD SYSTEM FOR A VEHICLE

(57) Abstract: An overhead system for a vehicle includes a generally transparent panel covering a portion of the roof area of the vehicle, and at least one elongated member coupled to at least one of the generally transparent panel and a structural portion of the vehicle. A system for attaching articles to an overhead portion of an interior of a vehicle includes a generally transparent panel covering a portion of a roof of the vehicle, with at least one elongated member engaging the generally transparent panel, and at least one article adapted for mounting to the elongated member.
